## CAREER OBJECTIVE

My objective is to apply for a web developer position where I am eager to apply my knowledge of programming languages and tools. I am passionate about web development and am dedicated to contributing to innovative projects. I strive to create engaging and user-friendly web experiences through my technical skills and collaborative efforts.

## Work Experience

### Intern, Web Development

Participated in a practical internship focused on creating a transaction management application.

Assisted in writing and maintaining code for the application, ensuring it met functional and technical requirements.

Performed various tasks related to user interface design, improving the usability and accessibility of the application.

## Projects

### Personal Portfolio Website

A responsive portfolio website to showcase my projects and skills.

The portfolio also serves as a contact platform for potential employers or collaborators to get in touch with me directly.

## EDUCATION

Electrical Engineer and Computer Science

**Stefan cel Mare University**

📅 October 2022 - Present

📍 Suceava
